EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Kriegsman on 08-26-2004.

The application has been amended as follows:

In the claims:

Claim 11, line 2 - change "a cylindrical (23) or" to --the--;

Claim 11, line 3 - change "the" to --a--; and

Claim 13, line 1 - change "1" to --3--.

2. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Capuano (US#4431353) discloses all of the limitations except for the conical surface tapering inwardly downwardly from the neck piece. Moreover, Capuano discloses the conical surface 140 tapers outwardly downwardly from the neck piece 68. It would not have been obvious to one of ordinary skill in the art to modify Capuano such that the conical surface tapered inwardly downwardly from the neck piece. Claims 5 and 6 include the allowable subject matter of claim 1 discussed above and are allowable for at least the same reason(s).

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
